REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Upon reconsideration, the outstanding basis for rejection is withdrawn. Claims 1-5 as amended and newly added claims 6-16 are deemed allowable over the prior art of record, which neither disclose, nor suggests, singly or in combination the subject matter defined by these claims. Full translations of both the primary Soi et al reference and the Takanishi et al secondary reference have been made of record. It is to be noted that the Soi et al reference does suggest at p. 4 the combination broadly of the two subject surfactants, none of the references teach the specific combination as claimed. It is further noted that the Miyamae et al reference is directed in relevant part to a different glycoside than presently claimed. Claims 1-16 stand allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
